

Attend the ACCE Policy Summit Washington D.C.

November 30-December 2, 2016

Workshops Include...

Innovation & Regulation

Technology is changing rapidly, but local governments are fighting the change with burdensome regulations, high taxes, and cronyism.

Building Taxpayer Friendly Communities

Many cities and counties are modeling good governance through low taxes, privatization, debt elimination, and taxpayer transparency.

The Sharing Economy

Ride sharing, meal sharing, home sharing and others are revolutionizing free market economics in local communities across the nation.

The Thin Blue Line

A direct discussion with Sheriffs and Police Chiefs about officer safety and budget priorities.

Registration opens in September at www.acce.us
